## TRAINING

# Level UP with legrand

Discover a new distance training service in 2018, and boost your teams' knowledge.

### ✓ A NEW WAY OF LEARNING

Legrand offers you the chance to learn via distance training, on your computer. Why is this better? You will be able to build up your skills at your own pace, at any time of day!

E-learning does not of course replace face-to-face training, but is complementary to it.

### ✓ A VARIED OFFER

Available in several different formats (exercises, videos, quizzes, etc), Legrand distance training courses are very varied in content: the basics of electricity, standards and regulations, innovative new products, protection, power compensation, home automation, VDI, UPS, etc.
