Gulf Examination Certificate

Issued according to the Gulf Technical Regulation for Low Voltage Electrical Equipment and Appliances (BD142004-01) Annex (4)

Certificate No.: LVE/2020/000885 Version: 1

Applicant: Legrand SNC
128, Avenue du Marechal de Lattre-de-Tassigny,
87045 Limoges Cedex, France
Legrand France

Manufacturer: 128, Avenue du Marechal de Lattre-de-Tassigny,
87045 Limoges Cedex, France
Legrand (Beijing) Electrical Co.

Manufacturing Location / Factory: Ltd., No. 4 Chaoqian Road, Changping Kējīyuan Qu,
Beijing 102200, China

Country of Origin: China

Product name / detail: Switched Socket-Outlet

Trademark / brand: Legrand / 

Model no. / type designation: Refer Annex I (25 models)

The Product complies with standard(s): IEC 60884-2-3:2006, IEC 60884-1:2002+A1:2006+A2:2013

as shown in the Evaluation report / file ref. number: 74251704

The National Deviation of GSO Member state: AE, BH, OM, KW, QA, YE

This undersigned Notified body declares, on the basis of the assessment of the tests (the results only relate to the items tested of which are referenced in the above test report) and the technical documentation provided by the applicant that the type of the product complies with the Essential Requirements of Gulf Technical Regulation for Low Voltage Electrical Equipment and appliances (BD-142004-01) Annex (1).

The GCTS as provided by the Notified Body can be affixed, under the responsibility of the manufacturer, after completion of the GCC manufacturer Declaration of Conformity.

Notice: Reproduction of this certificate is only permitted in its entirety

Issuance Date: 08/03/2020

Revision Date: --

Expiry Date: 08/03/2023

 Remarks/description:

Notes:

This Gulf Type Examination Certificate is valid for three years incase: No changes to the manufacturing process, no change in Raw Materials, no change in the components of the electrical equipment, No change in the standards applied. The Gulf Type Examination Certificate shall be reviewed whenever necessary, in particular in case of a change to the manufacturing process, the raw materials or the components of a product. Technical advances or new work could affect the conclusion of this Gulf Type examination.

List of the Gulf Type Examination Technical Documentation prepared by the manufacturer which is retained by the Notified Body in the TCF:

Trade mark, model or reference of the equipment.

General Description and operation of the equipment.

Leaflet, use instructions, copy of the warnings.

Detailed Description with conceptual design and manufacturing drawings including: List of components, materials, sub-assemblies and circuits, results of designing calculations and examinations carried out, Test reports or certificates from in house laboratory belonging to the manufacturer, if any, solution adopted by the manufacturer to ensure conformity of the production with the product specified in this certificate, address of place(s) of manufacturing and storage, description of the conformity assessment procedures followed.

This certificate is issued under the following conditions:

- It does not imply that the notified body has performed any surveillance or control of its manufacture.
- The manufacture shall ensure that the manufacturing process assure compliance of the products with approved model subject to this certificate.
- The applicant shall inform the notified body of all modifications made to the approved model which must receive, when necessary, additional approval leading to an addition to the original Gulf type examination certificate.
- As technical advances or a new work could affect the conclusion of this Gulf type examination, the applicant shall regularly keep himself informed of any modification made to tests carried out on the approved model by notified body.
- Copies are available upon requests by the applicant.
- The type examination certificate shall be withdrawn if the product fails to comply with the requirements set out in Articles 4, 6 and Annex 1 of the Gulf Technical Regulation for Low Voltage Electrical Equipment and Appliances (BD-142004-01)
- The manufacture shall keep a copy of the Gulf-type examination certificate, its annexes and additions together with the technical documentation at the disposal of the competent national authorities for 10 years after the product has been placed on the market.
- This Certificate is issued in application of the standards and procedures set by the GCC Standardization Organization (GSO) and is subject to the applicable SGS General Conditions for Product Conformity Assessment Services which can be found at <http://www.sgs.com/en/Terms-and-Conditions.aspx>
- This Certificate does not evidence shipment nor releases Seller (Exporter) and Buyer (Importer) from their respective obligations in relation to the delivery, quality and quantity of the consignment referred to herein, nor does it guarantee performance of the contract of sale which applies to the consignment. Stipulations to the contrary are not binding on SGS.

WARNING: The national Authorities of the Member State in GSO may reject the consignment covered by this Certificate if found non-conforming upon verification at the port of entry.
