

BRITISH STANDARD CONSUMER UNITS

Designed to be practical & functional

The IP 41 British standard metal consumer units are designed to meet the needs of residential and small commercial buildings installations. They can be also used in hotels to equip rooms for example.

9 sizes of ready-to-use consumer units

The same cabinet can be flush or surface mounted (easier choice and only few catalogue numbers to store).

Single-phase + neutral

3-phase + neutral

Low voltage consumer units & distribution boards up to 250 A.

Available for download on www.export.legrand.com
