One-family Wi-Fi connected video door entry kits
Easy interaction with the built-in Alexa voice assistant, either using the dedicated capacitive keys or with your voice to activate several functions, such as the video door entry functions, Smart Home, scenarios, reminders etc. Can be managed through Home + Security App (available for Android and iOS)
The App allows to use the main video internal unit functions (receiving calls, door lock release, display of the event timeline and activation of the entrance panel/camera cycling). The Home + Security App, allows to manage also the products of Netatmo security range (outdoor and indoor cameras, door and window sensors, indoor siren, smoke detector), to create a Smart security system

Pack	Cat.Nos	Classe 300EOS - Linea 3000 - Netatmo smart outdoor camera connected kit
