

**OVER THE TOP OUTLET UNIT, VERTICAL DROP, 50 mm,  
WITH COVER, FOR MOUNTING ON METAL DUCTING**

Part number: TC1279-531ASL

**1. USE / APPLICATION**

This 50 mm "Over the Top Outlet Unit, Vertical Drop, with Cover" can be positioned anywhere along a steel duct run. Two small plastic clips, moulded into the unit, fit onto the side of a steel duct, to locate the unit. As the steel ducting system may or may not have a small inner 10 mm wide top edge downwards facing return, the mounting clips allow for both types of steel duct. The "Outlet Unit" maintains the MBR for optical fibre cords at 30 mm and has a removable cover.

**2. BENEFITS & FEATURES**

- An "Over the Top Outlet Unit, Vertical Drop, with Cover" can be located anywhere along the side of a steel duct
- The unit has 2 x mounting clips moulded into the outer sides of the "Over the Top Outlet Unit"
- System can be used with steel ducting with or without a side top edge inner return
- Supplied as a set of an "Over the Top Outlet Unit" with two integral mounting clips
- A stand – off steel member is supplied
