

**END SUPPORT BRACKET FOR
100 mm x 100 mm DUCT****Part number: TC1279-57D****1. USE / APPLICATION**

The duct end bracket is used to fasten the open end of a standard 100 mm straight duct to the top of a rack. It is fitted with double sided tape that secures and holds the end bracket to the rack. The end bracket simply snaps into the end duct slots. It can be removed with a screwdriver if necessary. For a stronger holding connection to the rack, 4 x 3.5 mm dia holes are provided for securing screws or rivets.

2. BENEFITS & FEATURES

- Provides a simple and strong end connection/support for 100 mm duct to the top of a rack.
- Easy to fit, clips straight into 100 mm duct end.
- Long life connection achieved
- Can also be screwed to the rack top if necessary. [Screws available separately]
- Tough, fire retardant material
- Purchase by the unit

3. TECHNICAL ATTRIBUTES

Dimensions	132 mm (W) x 102 mm (H) x 29 mm (D)
Weight	48 grams
Materials	Fire retardant plastic, Halogen free, UL94-VO rated
Colour	Yellow
