

Céliane™ Antimicrobial* plates

Cat. No(s): CP2601 - CP2602 - CP2603

1. USAGE

Faceplates for 1-gang to 3-gang wiring accessories. The mechanisms can be flush-mounted or surface-mounted. Horizontal or vertical mounting.

Antimicrobial* products:

These products are made of silver-ion based antimicrobial* material. This technology eliminates bacteria, fungi and viruses without creating any immunisation or resistance effects (physical, rather than chemical, destruction).

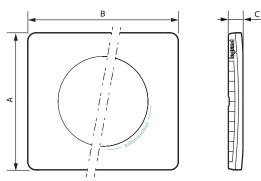

Particularly suitables for healthcare establishments (hospitals, clinics, nursing homes, laboratories, waiting rooms, etc.) and more generally for areas subject to hygiene restrictions (industrial, shared and restaurant kitchens, waste, etc.).

These products offer an additional way of ensuring the non-proliferation of bacteria, fungi and viruses without interfering with cleaning protocols.
