

Gateway+connected power socket

Operation

Front view

Legend

1. Arrival scenario when pressed at the top:
By default, switches on the connected sockets
Can be customised with the Home + Control app.Leaving scenario when pressed at the bottom:
By default, switches off all the lights in the installation
Can be customised with the Home + Control app
2. LED indicator:
- useful during installation
- when pressed, burst flashes red if the battery power is low
3. Reset button

Attention: The starter pack is pre-paired at the factory.
Never perform a factory RESET on the control socket and the wireless general control at the same time, as this may render them unusable.

Cleaning

Clean the surface with a cloth.
Do not use acetone, tar-removing cleaning agents or trichloroethylene.

Caution: Always test before using special cleaning products.

The plates must not be painted.

Take care to recycle the battery appropriately.
