#### ⚠ Consignes de sécurité

Avant toute intervention, couper le courant.  
Respecter strictement les conditions d'installation et d'utilisation.

(FR) (LU) (BE) (CH)

Lors du maniement de produits fibre optique, le port de lunettes de protection adaptées permet d'éviter toute lésion.  
Ne jamais regarder directement l'extrémité d'une fibre optique connectée.  
Quand le système est sous tension, les émetteurs laser actifs sont susceptibles d'émettre un rayonnement invisible pouvant endommager l'oeil.

#### ⚠ Safety instructions

Make sure the power supply is disconnected before any intervention.  
Strictly comply with instructions for installation and use.

(GB) (IE)

Avoid injury by wearing appropriate eye protection when handling fiber optic products.  
Never look directly into the end of a connected optical fiber.  
When the system is powered on, active laser transmitters may emit invisible radiation that can cause eye damage.

#### ⚠ Sicherheitshinweise

Vor jeglichem Eingriff die Spannungsfreiheit sicherstellen.  
Einbau- und Gebrauchsanleitungen sind genau zu beachten.

(DE) (CH)

Bei der Handhabung von Glasfaserprodukten verhindert das Tragen einer angemessenen Schutzbrille Verletzungen.  
Niemals direkt in das Ende einer angeschlossenen Glasfaser schauen.  
Wenn das System eingeschaltet ist, können die aktiven Lasersender unsichtbare, für die Augen schädliche Strahlung aussenden.

#### ⚠ Consignas de seguridad

Antes de realizar cualquier intervención, cortar la corriente eléctrica.  
Respetar estrictamente las condiciones de instalación y uso.

(ES)

Quando manipule productos de fibra óptica, lleve gafas de protección adecuadas para evitar lesiones.  
Nunca mire directamente al extremo de una fibra óptica conectada.  
Cuando el sistema está encendido, los emisores láser activos pueden emitir radiaciones invisibles que pueden dañar el ojo.

#### ⚠ Güvenlik talimatları

Herhangi bir müdahaleden önce, akımı kesiniz.  
Yerleşirme ve kullanım koşullarına titizlikle riayet ediniz.

(TR) (CY)

Fiber optik ürünleri kullanırken, yaralanmaları önlemek için uygun koruyucu gözlük takın.  
Bağlı bir optik fiberin ucuna asla doğrudan bakmayın.  
Sistem açıldığında, aktif lazer yayıcılar göze zarar verebilecek görünmez radyasyon yayabilir.

#### ⚠ إرشادات الأمان:

«اقطع التيار الكهربائي قبل أي تدخل. تقيّد تنفيذاً تماماً بشروط التركيب والاستخدام.»

تجنب الإصابة من خلال ارتداء وسيلة حماية مناسبة للعينين عند التعامل مع منتجات ألياف ضوئية.  
يُمنع منعا باتا النظر مباشرة داخل طرف ليفة ضوئية موصّلة. بعد تشغيل النظام، قد تصدر أجهزة إرسال الليزر النشطة إشعاعاً غير مرئي قد يسبب ضرراً للعينين.

#### ⚠ Меры предосторожности

Отключить питание перед проведением любых ремонтных работ.  
Строго соблюдайте требования к условиям монтажа и эксплуатации.

(RU)

При работе с оптоволоконом носите специальные защитные очки во избежание травм.  
Категорически запрещается смотреть прямо на наконечник подключенного оптоволоконного кабеля.  
Когда система находится под напряжением, активные лазерные излучатели способны генерировать опасное для глаза невидимое излучение.

#### ⚠ Istruzioni di sicurezza

Prima di qualsiasi intervento, interrompere l'alimentazione.  
Rispettare scrupolosamente le condizioni d'installazione e uso.

(IT) (CB)

Quando si maneggiano prodotti in fibra ottica, indossare occhiali di protezione appropriati serve per prevenire eventuali lesioni.  
Non guardare mai direttamente l'estremità di una fibra ottica collegata.  
Quando il sistema è sotto tensione, gli emettitori laser attivi possono emettere radiazioni invisibili che possono danneggiare gli occhi.

#### ⚠ 安全提示

在任何干涉以前一定要断电，严格遵守安全和使用的规定。  
处理光纤产品时，请佩戴合适的护目镜，避免受伤。

切勿直视已连接的光纤末端。系统通电时，活动的激光发射器可能会发出不可见辐射，造成眼部损伤。
