# Proudly New Zealand Made

MADE WITH A RICH HERITAGE

TRICAL is one of New Zealand's leading suppliers of electrical enclosures and switchboard solutions, serving the electrical trades across industrial, commercial, and residential markets for over 60 years. As part of the Legrand Group since 2018, we are proud to be New Zealand made, with a rich heritage. Representing market-leading brands, we manufacture 'best in class' products you can trust, supported by a passionate, skilled, and expert team.

With four iconic brands (Gael, Teubel, Signet, ETL) brought together in one purpose-built manufacturing, engineering, and administration facility, TRICAL delivers consistent, quality products and services. Innovation is the foundation of our business, and our brands reflect our passion and commitment to providing the very best products for you. With a technical approach, where confidence and trust in supply and design are critical to the success of a project, we deliver well-engineered products, on time, within budget, and with friendly, supportive service expertise.

TRICAL product ranges are complementary to Legrand Group commercial and residential offers, bringing you a **complete solution** for your projects.

## RESIDENTIAL METERING AND DISTRIBUTION BOARDS

TEUBEL is proud of its history in manufacturing electrical componentry and metalwork products, including residential meter boxes, distribution boards, and commercial switchboards. Significant investment in machinery and technology allows TEUBEL to continue this tradition, delivering exceptional quality products with the expertise of a skilled team.

## CABINET ENCLOSURES

Enclosure Technology specializes in manufacturing and supplying 19" rack enclosures for the computer, broadcasting, and telecommunications industries. ETL offers a wide range of server cabinets compatible with Compaq, HP, IBM, and Siemens-Nixdorf servers, all of which can be fitted with various accessories like sliding keyboard shelves, monitor shelves, power distribution, and fan cooling.

## RESIDENTIAL DATA ENCLOSURES AND HOME AUTOMATION

SIGNET addresses the growing demand for home networking solutions. Designed and manufactured in New Zealand, SIGNET continues to innovate with the support of Trical's expert team. As a leader in the home networking market, SIGNET offers a wide range of products, including Fibre To The Home (FTTH), data cabinets, RJ45 and patch panels, telecommunications, communications, AV, and RF products.

## COMMERCIAL DISTRIBUTION BOARDS

GAEL is known for its iconic modular distribution boards and control panels. GAEL Switchboards maintains its reputation for high-quality, reliable products at affordable prices while expanding its product range, engineering, support services, and capabilities. GAEL products are found across various industry sectors, manufacturing low and high voltage main switchboards, motor control centres, power factor correction units, control panels, and distribution boards.
